February 22, 2012

---

An act to amend Section 41303 of the Education Code, relating to school attendance.

LEGISLATIVE COUNSEL'S DIGEST

AB 1866, as introduced, Smyth. School attendance: statewide total average daily attendance.

Existing law establishes the public elementary and secondary school system in this state, and further establishes a funding system pursuant to which the state apportions funds to local educational agencies based on, among other factors, the average daily attendance of pupils at the schools operated by those agencies. Existing law also requires the Superintendent of Public Instruction to report to the Controller, on or before October 20 of each year, the total average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school, and adult schools in the state and to county school tuition funds.

This bill would make a technical, nonsubstantive change to the latter provision.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
